SYNTHETIC DEMONSTRATION DATA - FICTIONAL COMPANY

Sustainability Statement FY2026

Zenith Packaging Industries (Pvt) Ltd
Sector: Manufacturing - industrial packaging
Location: Korangi Industrial Area, Karachi, Sindh

1. About the company

Zenith Packaging Industries (Pvt) Ltd operates a manufacturing plant in Korangi Industrial Area, Karachi, Sindh. This statement summarises our environmental performance for FY2026.

2. Carbon emissions performance

We reduced our carbon emissions by 40% over the reporting period, demonstrating our leadership in climate action.

3. Our approach

Our approach follows industry best practice and is applied consistently across the business.

4. Energy efficiency

We have improved our energy efficiency through continuous investment in modern equipment and better operating practices.

5. Sustainable production practices

- We adopted sustainable production practices across all production lines.
- We implemented a wastewater recycling programme.
- We reduced our reliance on virgin raw materials.

6. Project for which financing is requested

Project: 1.2 MW rooftop solar PV system and energy-efficient motors and drives.
Financing requested: PKR 50,000,000.
We expect the project to lower grid electricity demand (projection only, not yet measured).
